

POLLY

The holidays are over now,
There's no mistletoe nor holly,
But we still have cause to celebrate
Are we're doing it with Polly!
Because she's earned a brand new title
And that title is Life master!
And all her classmates wanted this too,
(But Polly did it faster!!)

The new requirement is five hundred points;
And this is no small task.
But she showed herself to be an apt student
And she's done it in a flash!
She plays at the club most often
With Pat and also with Jay,
She studies hard and plays even harder
And fearlessly enters the fray.

She's served as our club treasurer,
And is Peter Piper's CFO,
She's great with numbers and great with folks,
And everyone will tell you so!

Her hubby and she go to Billy Crews,
Where she'll dance the night away,
And she jitterbugs and two-steps
Just as well as she can play!!

Everyone wants to win at bridge,
Of that there is no doubt,
But her partners don't mind when she goes set,
Because she has a world-class pout!
She giggles when she wins,
But then she giggles when she loses,
And she is so lovely to her partners,
She can play with anyone she chooses!

We honor this talented woman
Who is so accomplished and so bright
And we her hold her up as a model
Of how to do things right!

Congratulations, Polly!
